Workshop Outline

- Welcome / Introductions
- Local GP Landscape?
- Activity 1 - Assigned Roles and Scenarios
- Activity 2 - Resources and Application

Session Objectives

1. Help participants learn strategies for having difficult conversations related to GP
2. Engage participants with existing tools to support those conversations

Local GP Landscape

What does the GP landscape look like at your institution?

Activity I: GP Scenarios

- I. Data - making the case (or re-making the case)
- II. Integrated planning/budgeting
- III. Student voices
- IV. Meta-majors and mapping
- V. Building the needed capacity to effectively support GP implementation

Activity 1a: Assigned Roles + Scenarios

Instructions:

1. Each person at the table introduces themselves by real name and College. Then read your assigned role
2. Reflect on the assigned scenario based on your assigned college role
3. Consider the following questions based on that assigned role:
 - a. What approach would you recommend?
 - b. What campus constituencies need to be involved?
 - c. How might this situation have been avoided?
 - d. What resources / information are needed to help the college move forward?
4. Document discussions at table

Activity 1b: Reflections from your current role

Instructions:

1. Reflect on the same scenario from the perspective of your current role/position
2. Document discussions at table
