Questions for Mendocino College & Fort Bragg High School

Question	Answer
Are you willing to share that Canvas shell for teacher training?	Yes- It's not done yet but we are happy to share when it is ready. We learned this at the NACEP Conference from other states. Encourage you to engage with NACEP.
I missed the detail because I was reading the chat—is the community college providing the DE Certification to community college instructors?	The community college will provide the training and certification, similar to how they provided training and certification for teaching online

Thanks! Is any community college able to provide this designation, or is there a set of standards (e.g. from the state) that has to be met to designate “DE Certification” to a community college instructor?	There are minimum qualifications from the state for being hired as a community college instructor, but there are not a set of standards for certification. This would be college by college. Mendocino is sure to set a great example!
Who teaches the CCS 100? Counselor or instructor?	Our high school instructors.
Do you survey your students for courses and do you offer dual enrollment during the school day? We offer 0/1 period and sometimes that is something we struggle with	We have done surveys. Normally, we have a plan to rotate courses every other year and it depends on the teachers. We try to do as many IGETC courses as possible. Our goal is to help them get courses that will transfer.
To clarify, Ft. Bragg teachers are hired through Mendocino to teach the DE classes? If so, what does that mean for teacher retirements, apportionment, and the high school labor contracts?	Ft. Bragg high school instructors. Luckily Mendocino College also provides STRS as a retirement entity so teachers at Ft. Bragg HS feed into the same retirement. We also have Mendocino College instructors that go to the HS on the bell schedule to provide additional opportunities for instruction.
Does Mendocino College give IDs for free? Do students have to go to the college to take their pictures or do you send their school pictures in?	Student IDs are free, and we have events at the campuses/centers where we invite students and take their pictures. 200-300 students attend each one. We are exploring using their HS photos.
