Lake Tahoe Community College

# Outcomes

- Learn how LTCC is developing Guided Pathways initiatives across its campus and reflect on how you may undertake similar efforts in your district.
- Reflect on the value of Strategic Enrollment Management in terms of its impact on campus operations and the student experience.
- Focus on the variety of student experience opportunities, including Promise and Equity, particularly in terms of providing students relevant and useful career and life contexts.
- Consider the variety of career initiatives and efforts that provide students opportunities to achieve their success.

# Guided Pathways: Goals

## GOAL 1: IMPLEMENT THE FIRST PHASE OF GUIDED PATHWAYS: LAUNCH META MAJORS

- Strategies:**
- Collect the necessary data points to inform Guided Pathways and make it available to end users
  - Prioritize trainings throughout the academic year; with faculty and staff, to focus on Guided Pathways
  - Submit a Partnership Resource Team (PRT) request in support of the implementation of Degree Audit
  - Create clear pathways, adjusting processes and systems on campus to allow for implementation (scheduling, communication, counseling)
  - Explore partnering with “Achieving the Dream” to support LTCC’s Guided Pathways efforts

### OUTCOMES

- *Design and launch a dashboard comprised of Guided Pathways data points;*
- *Host multiple faculty/staff meetings and trainings focused on Guided Pathways and utilize campus-wide communication to keep stakeholders informed;*
- *Receive PRT funds and support for Degree Audit implementation;*
  - *Launch Degree Audit for counselor use by Fall 2019;*
- *Launch Meta Majors by Fall 2019;*
  - *Defined and mapped by May 2019 for counselors to discuss with incoming students;*
  - *Outward-facing communication of Meta Majors by Fall 2019;*
- *Develop two general education certificates:*
  - *California State University (CSU)*
  - *University of California (IGETC).*

Superintendent/President and Board of Trustees

## 2018-19 GOALS

Adopted November 13, 2018

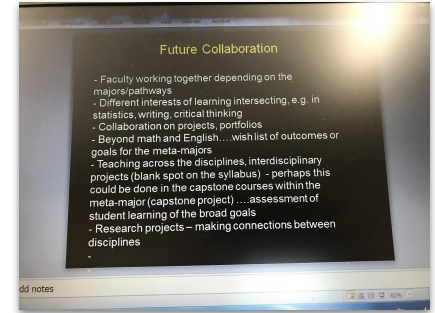

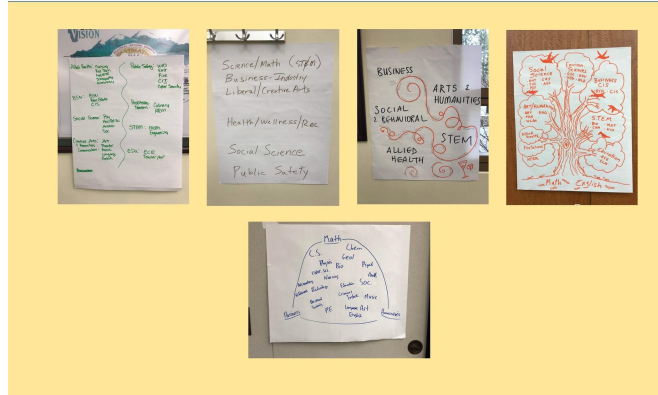

- Implement the First Phase of Guided Pathways: Launch Meta Majors **1**
- Strategic Enrollment Management Implemented: “Tahoe Clear” **2**
- Launch and Expand a Basin-Wide Lake Tahoe College Promise **3**
- Facilitate a New LTCC Multi-Year Strategic Plan **4**
- Expand Advocacy and Development Efforts to Achieve LTCC Goals **5**
- Lead Student and Workforce Housing Development and Services **6**
- Continuous Improvement: Deepen and Strengthen LTCC Initiatives **7**

### Meta Major Brand

### Introduction & Brand Integrity

Working with LTCC staff, logo and brand identities for each of the Meta Majors at LTCC have been developed. Each of the five(5) Meta Majors includes degree programs, many of which are interdisciplinary, which is reflected in the groupings of the Meta Majors. The Meta Majors are part of the Guided Pathways initiative to help students identify a focus area with career oriented skills training and coursework.

The logos for each Meta Major are designed to express the qualities of the pathway, without necessarily identifying each and every major within the Meta Major. The purpose of the logos are to give the viewer a visual cue, essence, and general idea of what they might find within the Meta Major. In addition, the look/feel and tone of the Meta Major logos is intended to be professional, yet approachable, friendly, and engaging.

Through the branding process, it is our hope that faculty and students within each Meta Major proudly adopt their Meta Major identity. This helps students identify themselves with a larger interdisciplinary group of students working toward similar educational goals and skillsets.

Each Meta Major is also associated with color that should be used in branded projects when possible. Black and white and inverse white versions of the logos are also provided and available for use.

## Meta Major Icon Creation

LTCC Summer & Fall 2019 Schedule - Page 9

### Discover Your Program With LTCC's Guided Pathways

Find your perfect fit, get on your pathway, graduate on time, and get to work! Introducing Guided Pathways at LTCC, a program that will help you explore your passions, get on the right academic path, network with others who share your interests, and graduate ready to launch your career.

First things first: it's perfectly okay if you aren't sure what major is right for you – Guided Pathways can help! Start by using the Guided Pathways Meta Majors icons and brief descriptions below to identify where your strengths and areas of interests fit. Once you know which meta major is for you, meet with an LTCC counselor to further explore the options and select the right major, program, and classes for you!

Arts, Languages, and Humanities

**Create • Communicate • Connect**

Discover the full human experience through oral communication, writing, and creative expression. Fine-tune your problem-solving and critical-thinking skills while nourishing your artistic side. Explore careers in education, performing and studio arts, journalism, or language and communications.

Business, Hospitality, and Leadership

**Build • Lead • Invent**

Learn customer relations and partnership building while developing your business management knowledge. Master the expertise needed to grow your own business, or the high-demand skills employers need. Career paths include accounting, event planning, hotel or restaurant management, culinary arts, or wilderness and outdoor education.

Health and Public Safety

**Serve • Care • Protect**

Support physical and mental health to help people and communities thrive. Learn how to work effectively in a team that saves lives during emergency situations. Get employed in counseling, emergency medicine, law enforcement, medical administration, or firefighting.

Society, Culture, and Education

**Learn • Share • Enlighten**

Explore human relationships, communities, and global connections while sharing your knowledge with others. Spark discussions about the inner workings of society and culture, and help create positive change. Open doors to jobs in counseling, education, social work, community development, cultural research, and human resources.

Science, Technology, and Environment

**Explore • Discover • Analyze**

Understand the physical world by using the scientific methods of observation, experimentation, and analysis. Deepen your knowledge of the natural world, and gain hands-on experience with advanced scientific tools. Ideal for careers in computer science, environmental engineering, medicine, or GIS mapping.

## Lake Tahoe College Promise

### Lake Tahoe Community College expands program to assist students in earning debt-free degree

News | June 9, 2019

**Tribune action** Staff Report  
 editor@tahoedailytribune.com

Lake Tahoe Community College is expanding its free tuition program for first-time, full-time students.  
 Bill Rozak / Tahoe Daily Tribune

SOUTH LAKE TAHOE, Calif. – Students heading to Lake Tahoe Community College this fall can earn a debt-free degree after the foundation board recently voted to expand the free tuition program from one to three years.

With the free program, called the Lake Tahoe College Promise, it is now possible for first-time, full-time eligible students to earn a degree without paying tuition starting this fall.

Lake Tahoe College Promise  Program Application 

### Our Promise to you

- FREE Tuition for 3 Years
- Priority Registration every quarter
- Unlimited FREE bus pass for the year
- Priority access to the textbook lending library every quarter
- Access to Promise Navigators for mentoring and support
- An Educational plan which outlines your schedule from your first class to graduation
- \$100 Quarterly bookstore credit for supplies and books (Fall – Spring)
- Access to 4 Year campus tours & field trips
- Campus events and an incredible student life experience

### Your Promise to the Program

- Enroll in 15 units per primary quarter when possible. A minimum of 12 units every primary quarter is mandatory (*Fall, Winter, and Spring*).
- Maintain academic progress and a minimum cumulative GPA of 2.0
- Complete a comprehensive Educational Plan your first year at LTCC
- Regularly meet with your dedicated Promise Counselor & Peer Navigator to keep you on track!
- Attend at least one Lake Tahoe College Promise event, workshop, or activity each quarter
- Submit a FAFSA or CA Dream Act application each year
- Attend a first-year seminar course in the Fall or Winter quarter of your first year

Lake Tahoe Community College  
Office: B101A

#### Class Description

This course focuses on creating a community among Lake Tahoe College Promise (LTCP) students through which students will learn to make informed life and college decisions; develop skills of accountability and empowerment; create opportunities for career success; understand the many dynamics of LTCC college life; and become more confident, proactive, and focused in their everyday lives. The course is designed as an introduction to the LTCP program and the cohort model through which students will progress throughout their college journey. Individual class sessions will be taught by a series of campus experts who are familiar with LTCC college life, contexts of learning, and professional opportunities. Students will also be expected to conduct regular check-ins with their LTCP lead counselor and student peer navigators.

#### Promise Benefits

There are many benefits to being a part of the Lake Tahoe College Promise. The Lake Tahoe College Promise waives tuition for up to three years at LTCC and provides additional financial incentives. This support includes:  
- Free tuition for up to three academic years full time or completion of stated educational goal, whichever comes first

### Topics covered:

- Stress management
- Careers
- Information literacy
- Financial literacy (pilot project with active texting)
- Financial aid
- Learning DE
- Note-taking
- Using a calendar
- Studying
- Student clubs
- Equity
- Work experience
- Work-Life balance

# The Student Experience

## Equity Efforts

The true cost of attending a California community college is more than just tuition.

## Community college students at risk

● Food insecure

● Homeless

Half of California community college students say they lack reliable access to healthy food. One in five reports being homeless in the past year.

Source: Hope Center and California Community Colleges survey of students on 52 campuses, 2019

# The Student Experience

## Equity Efforts - LTCC Food Pantry

Equity Office

### Equity

Equity at Lake Tahoe Community College means making sure that all of our students have access to the academic support, mentoring, and financial assistance they need to succeed in college and reach their full potential. Providing access and support isn't new to LTCC: multiple initiatives and programs dedicated to improving access have been underway for many years. But the Equity Office strives to do something different by focusing on improving access and closing performance gaps for minority students, many of whom are first-generation college students struggling with multiple jobs, language barriers, affordable childcare, and other obstacles that can hamper academic success.

### Services Offered

- Free mentoring services
- Priority registration
- Access to the free [Quarterly Textbook Lending Program](#)
- Additional counseling services, including career guidance and academic planning
- Free trips to nearby colleges to encourage progression
- Visits to cultural events and more!

# The Student Experience

## Equity Efforts - LTCC Housing

### Lake Tahoe Community College signs rental lease to provide affordable housing to 30 students

News | June 4, 2019

**Tribune action** Staff Report  
editor@tahoedailytribune.com

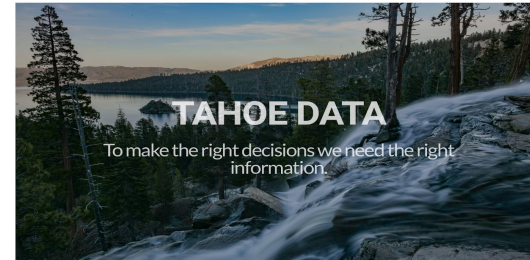

FILE - Registration begins for Lake Tahoe Community College's inaugural four-year degree program. Courtesy / LTCC

SOUTH LAKE TAHOE, Calif. — Lake Tahoe Community College took a step forward this week on addressing immediate student housing needs by entering into an agreement with a South Shore property owner.

The Board of Trustees on Tuesday, May 28, authorized LTCC administrators to enter into a five-year lease with a local apartment building owner to provide housing to full-time students, many of whom are struggling to find and maintain a place to live, according to a press release.

"The college's long-term goal to provide on-campus housing is still in place," said LTCC Superintendent/President Jeff DeFranco in the release. "But with this lease, LTCC can begin offering an affordable solution to today's students."

"This lease won't solve the entire problem, and we know that housing costs are a regular difficulty not just for our students but for college

## Tahoe Prosperity Center Partnerships

# Connecting the Dots

- LTCC has learned, as an institution, of the importance of identifying and promoting the connections between programs like SEM, Guided Pathways, the CVC-OEI grant, equity efforts, and other aspects of the student experience.
- There is value in promoting cross-functional conversations about these initiatives through our campus governance processes.

# Group Activity

Please discuss the following in groups (5 minutes):

- What is one aspect of Guided Pathways, SEM, career initiatives, or the Student Experience that you would like to develop on your campus?
- What are some challenges that exist in terms of developing this effort?

# Career Initiatives and Regional Partnerships

- Tahoe Chamber
- Tahoe Prosperity Center
- Golden Sierra Workforce Development Board
- North/Far North Regional Consortium

	National	SFB
Number of Guests	100,000	10,000
Number of Dining Rooms	100	10
Number of Restaurants	100	10
Number of Hotels	100	10
Number of Resorts	100	10

# ADVANCE

## Why ADVANCE?

Mark Twain said, "The secret to getting ahead is getting started." While this remains true today, knowing how and where to "get started" is not always easy, or clear. Gaining the skills for a promotion or raise, entering college, or just finding the time to make a plan to move forward can be difficult and feel overwhelming.

Enter ADVANCE, a collaborative network of local organizations, government offices, and employers, able to provide access to a wide range of services that help adults meet educational, career, and personal goals. These goals can include; improving current employment, completion of a high school credential, entering college or career training, and even connecting job seekers with high-demand, local industry needs.

We agree with Mr. Twain, the secret *is* to get started and we believe the secret to getting started is ADVANCE.

## Sounds Great - How does that work?

We offer a flexible, multi-step process designed to help you begin developing and mapping *your* unique plan geared to meeting *your* goal(s).

## ADVANCE - Our Backstory

The Lake Tahoe Adult Education Consortium adopted the name ADVANCE to better describe the purpose driving the network of community partners, programs and services in the community. Key outcomes include providing personalized, contextualized and rigorous learning experiences to improve career and college readiness for all learners; improving English language skills; offering a pathway to a high school credential for adults who left school prior to completion; providing access to, and support during, pre-apprenticeship and apprenticeship opportunities; and creating a hospitality, tourism, recreation and retail career pathway that not only improves participants' basic skills, but also allows for gaining and improving employment and earnings.

Lake Tahoe Community College (LTCC) serves as the ADVANCE hub and is responsible for ensuring integrated, consistent, and high-quality services. Lake Tahoe Unified School District, El Dorado County Office of Education, and the Alpine County Unified School District are also consortium governing members. Network partners include a wide range of community, state and local government entities along with private industry and business members in California and Nevada. A list of active participants is available below.
