Problem Solving: Moving Dual Enrollment Online, a CLP Webinar series

April 16, 2020

To support dual enrollment practitioners across California as they move instruction and student services online, CLP hosted a series of four conversations in March and April.

Here are the topics we covered, with links to recordings and presentations:

- On March 26, in the first webinar, **participants shared their experiences** with changes in procedures (and with issues of longer standing!). [Here's a recording](#) of that webinar, and [here is the presentation](#).
- On April 2, we focused on **using online forms**. Foothill College and Chaffey College shared how they are using electronic signatures in an online workflow, and they discussed specific technologies they use. Here is the [recording](#), and [here is the presentation](#).

How to ask questions during the webinar

If you have questions for the facilitator's please drop it in the chat.

We encourage you to hold onto your questions to share in the breakouts.

Updates
