Creating Safe and Supportive Virtual Spaces for Underrepresented Students  
October 16, 2020

This resource is provided with special thanks to our CaCN Roundtable (*New Year, New Reality: Counseling strategies to meet our students' needs in a new environment*) Panelists and Contributors.

Please share information and resources you feel are helpful with [cacn@careerladdersproject.org](mailto:cacn@careerladdersproject.org).

To help you frame your thoughts, consider the following:

- What tools do you use in your most successful counseling sessions?
- What verbal/non-verbal behaviors do you employ to better serve students?
- What resources are important beyond the educational plan?
- Are there partnerships that you value and depend on to serve your students and how do you partner with them?
