Purpose of Roundtable Series

- Facilitate observable changes in counseling and student service delivery practice to support students in reaching their goals of certificate, degree, transfer and/or employment more quickly.
- Engage in student-centered exchange with focus on strategies that improve student retention.
- Building on lessons and innovations from the pandemic, share student-centered policy and structural changes colleges are making to improve counseling and student support services.

This webinar is part of a series produced by Career Ladders Project with funding from the California Community Colleges Chancellor's Office.

Social Justice Learning Communities: Lessons from Equity Leaders

Goals for this session:

1. Share approaches for supporting students' social, emotional, and academic needs through counseling and in-classroom instruction with an equity lens.
2. Identify social justice strategies exercised in learning community environments that can be more widely used in general student populations.
3. Foster learning and exchange among CCC counseling and student support professionals
